Notice.
THE subscriber has the honor of informing the public, that the Plantation of Mrs. widow PANIS, commonly called Rosseau's Plantation, distant only from three to four acres from the Suburb Robin, has lately been divided into Lots, under the denomination of
Quartier de Bel-Air,
Which he offers to sell on very moderate terms, on a credit of one, two and three years.
In the division of this Plantation, none of the advantages of its favorable situation have been neglected.
The LOTS, sufficiently spacious to admit of building on them country houses, villas, houses of entertainment with gardens, &c. and situate on elegant walks, which ere long will be joined to the city and form its Boulevards, offer to persons in easy circumstances, an agreeable and salutary asylum; to persons in trade, a retreat for their families during the heats of summer and the sickly season, and to the industrious cultivator, a fertile soil so elevated that he need not apprehend that the rupture of a Levee may take from him the fruit of his industry and labor. In fine, besides the local advantages, such as the proximity of the city, the elevation of the land, &c. Madame PANIS, wishing to afford every encouragement to the purchasers of the Lots of the QUARTIER DE BEL-AIR, makes in their favor a relinquishment forever of the land lying between the first Lots and the river, of the savannas, of one of the finest cypress-woods, and of one of the finest ash-groves, lying near the city, on all the depth of her plantation, which is of 90 arpens; so that the purchasers will find in abundance on the land, timber for building and fencing, fire-wood, and pasture for their cattle, &c.
For the price and terms, apply to Madame widow PANIS, on the premises, at Mr. ROUSSEAU'S, North Royal Street, No. —, and at the subscriber's, where the plot may be seen.
